CAREER OBJECTIVE

As a Computer Science student, I am seeking a Software Engineer or Cyber-Security Internship that allows me to utilize my technical skills and knowledge to contribute to the development and success of a company. I am eager to learn and grow as a professional while making meaningful contributions to the team and using popular programming languages to develop software solutions. Adapt to working effectively in fast-paced, deadline-driven settings that demand strong organizational and analytical skills where I hope to grow my career with a forward-thinking organisation.
